

dbr

new clef coalition

Founded by Daniel Bernard Roumain (DBR) in 2009, the NEW CLEF COALITION provides enriching residencies and new musical works for Youth Orchestras internationally. For the past decade, DBR, a distinguished composer, violinist and educator, has been sharing his innovative electro-acoustic sounds and techniques with musicians of all ages and has proven to be a singular inspiration to young people.

The centerpiece of the coalition is a new 20-minute symphonic work composed by DBR. Partners in the coalition will be given commissioning credit and will be welcome to feature this new work in their season programming. In addition, DBR will bring his unique and highly effective workshops to your community.

Recognizing today's particularly challenging economic environment NEW CLEF COALITION's was created out of DBR's determination to help youth orchestra's not merely survive, but to THRIVE. Join us!
